Circles and Rows

Sermon Questions for 9/9/18

Opener

What's your favorite duo – music, super hero, athlete, actor/actress, etc?
What is it about this combo that you love?

Read

Acts 2:41-47, Matthew 7:1-5, Ephesians 4:11-16

Engage with God in your Group

- How has God used being in “rows” to speak to you in your life?
- How has God used “circles” in your life?
- What dynamics in your group help you walk with each other in highs and lows, struggles and temptations, joys, and pains?
- What dynamics in your group have made it difficult to be authentic and vulnerable with each other? Be honest and pull back the curtain.
- Anthony mentioned that Rows and Circles are an incredible one-two punch and force to be reckoned with when they work together. Which do you struggle with the most? Being in a circle? A row? Or maybe even having individual time with Jesus?
- What might it look like for you and your group to invite people into your circle to experience the life on life growth talked about in Acts 2?
- Might it be time for you to humbly enter into leading a group?

Bottom Line: When Rows and Circles are together, they are an incredible one-two punch and force to be reckoned with.

Prayer for this week: Jesus, let me find the joy of being committed to Rows and Circles in my life. . .public teaching and private application.
